

# Another Year of Words

January-June, 2014

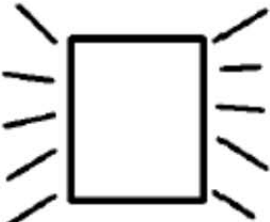

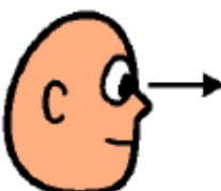

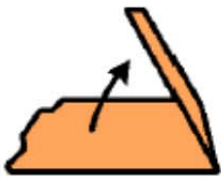

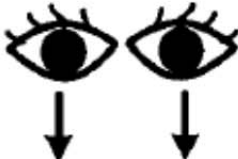

Individuals who are learning to use their AAC systems need lots of practice on their core vocabulary words. This packet contains 6 grids of core words, one for each month between January and June. Speech-language pathologists, educators, and families can keep the grid of the month handy, and use it as a reminder of which words to focus on for that month. Over the year, you will have given the AAC learner focused practice on 192 words that will help them communicate effectively across many environments and activities.

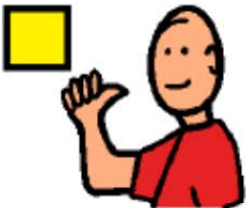

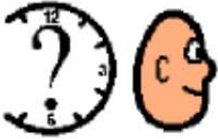

For more information, see this post: <http://bit.ly/1IC3lle>.

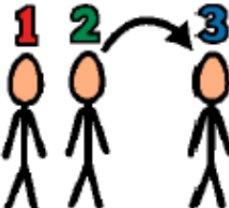

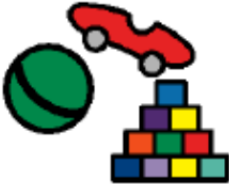

Note: These are different core words than the ones shared in similar posts in 2013. The 2013 core words are available on the PrAACtical AAC website in the e-Toolbox (<http://practicalaac.org/toolbox/>).
