## What I'll do with Rachel and Carole

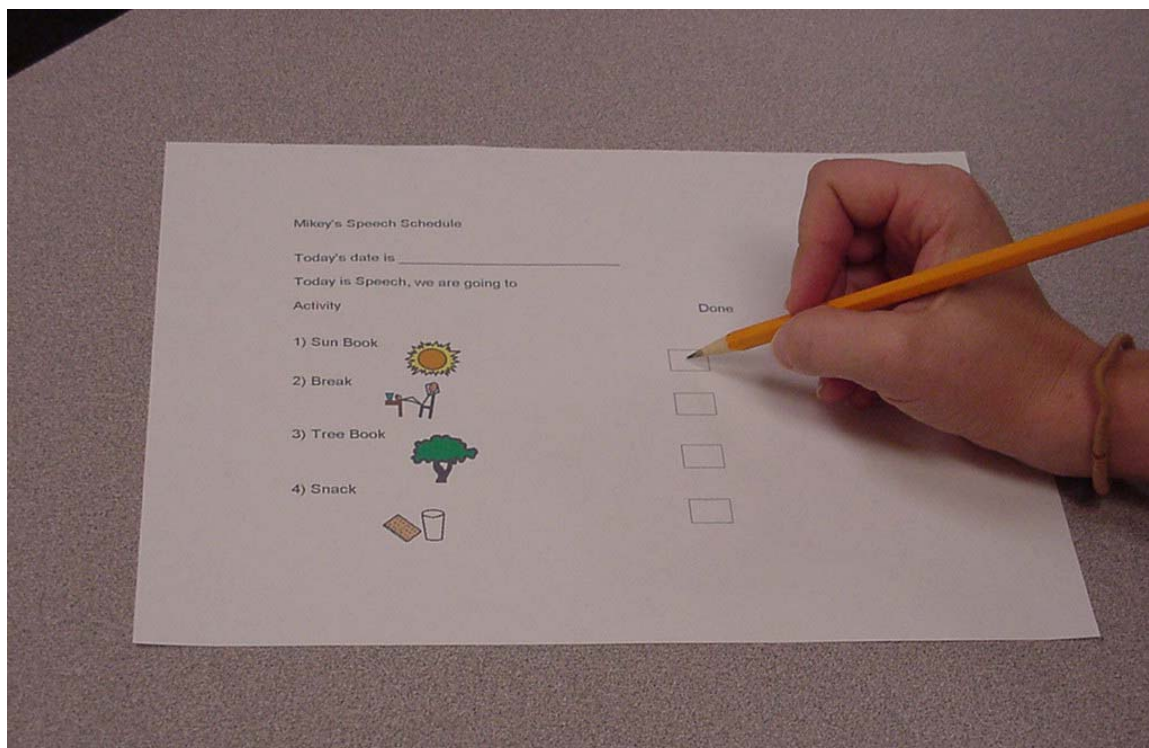

My name is Tommy. Sometimes I go to speech. I might see Robin, Julie, and other people at speech. I do many different things when I go to speech.

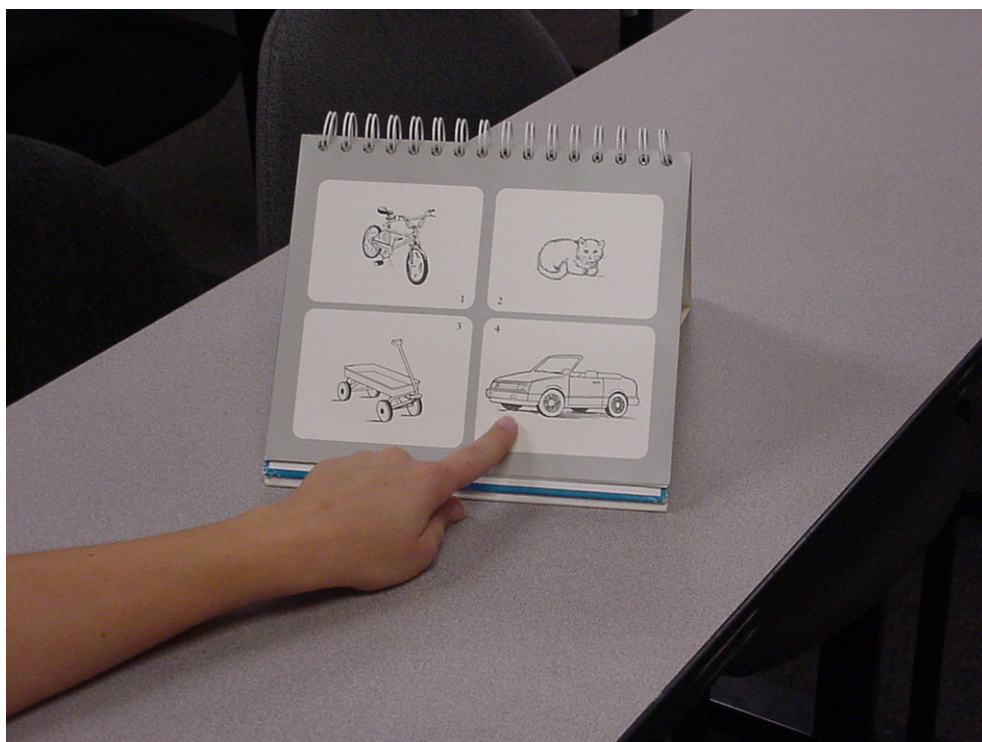

Someday soon I may go to speech to see Rachel and Carole.

This will probably be at the speech clinic on November 30<sup>th</sup>.

When I get there, they will probably have a schedule. The schedule may be a lot like the ones I use with Julie.

I will try to do everything on the schedule. The schedule will have things like pointing to pictures, answering questions, and talking.

When I want a break I can ask for one. During my break I can do things like take a walk or get a drink.

I can ask for help any time. When I ask for help, Rachel or Carole will help me figure it out.

When I finish everything on the schedule it will be time to go. Carole and Rachel will be happy that I finished everything on the schedule. Mom will be happy too!
